

# Connect Care Guide – U.S.

Medical Document (MD-00099)

Last Approved: 08/28/2025

## About Connect Care

On September 6, 2025, the Connect Care mobile application will be removed from missionary devices. The Connect Care experience will be integrated with a new Intermountain Health mobile application. This is a major transition in technology and given the upcoming deadline, there is inadequate time to ensure a smooth experience for the missionaries and missions. As a result, a decision was made to temporarily pause the use of Connect Care until appropriate preparations can be made.

Additional information will be provided when Connect Care is ready for use through the new Intermountain Health application.

## Document History

Status: <input type="checkbox"/> New <input checked="" type="checkbox"/> Revised		Origination Date: 10/29/2020
